Ready for a Hassle-Free SharePoint?

Migrate to Microsoft SharePoint Online with Office 365 and experience the hassle-free difference.

- **Reduce your SharePoint costs** by eliminating the need for hardware and internal SharePoint support
- **Stay up to date** by getting the newest SharePoint features FIRST with SharePoint Online
- **Minimize your risk** with continuous data backup, premier disaster recovery capabilities, and a team of experts monitoring your servers around the clock
- **Take advantage of your existing O365 benefits** that you may already have as part of your current Microsoft agreement.

Sounds Great! How Do I Get Started?

Most organizations lack the experience to know how to successfully migrate to Microsoft SharePoint Online. Working with a SharePoint expert like Imaginet can help to make your migration a smooth success.

With over 500 successful SharePoint deployments and migrations under our belt, Imaginet is the trusted partner for any organization looking to migrate their SharePoint to the cloud.
